

**OnlyOne OFFICE 'Virtual Switchboard' for ABC Company :**

**CONNECTION OPTIONS** - We can "connect" to you in several ways:

- 1 - Connect via a standard 'OnlyOne PCA' (most common)
- 2 - Connect to same number all the time, but with many of the 'PCA' options, such as VM, individual Fax, "In a meeting", etc.
- 3 - Connect to an 'OnlyOne SimpleMesseging' (voicemail only) account
- 4 - Connect directly to a phone number (cannot change, no OnlyOne VM)
- 5 - Play a recorded message only.

System will accept multiple phone calls at one time (callers do not get a busy signal) and other options include:  
Dial-by-Name Directory; Extensions; Opt-Out to Operator; Sales call Tracking, Unified Communication Inbox and more...

*'OnlyOne Number' Service by iTELConnect. Call (800) 230-7176 for more information.*

**iTEL Connect Number features/benefits :**

Your individual 'iTEL-Connect Number' will have all of the following services included :

-  A separate local number which can be dialed directly (not just through the Office system)
-  The same individual iTEL Number will automatically receive all faxes privately (faxes will be e-mailed to your primary e-mail address)
-  An e-mail account accessible through standard mail program (Outlook, Eudora, etc.) and/or through WebSite
-  Direct internal forwarding of BOTH voicemails & faxes
-  Individual VoiceMail service including VoiceMail-to-Email capability
-  Ability to contact each other for urgent situations while phone does not ring for any other call
-  Ability to forward your faxes from any telephone
-  Routing to any number - 7 Standard "Statuses" and 3 Custom "Statuses"
-  Unified VoiceMail, Email & Fax into one Inbox
-  Message & Fax notification to e-mail & cell phone
-  Professional greeting with 'caller name' announcement
-  Outbound faxing without a fax machine, dedicated fax line or modem\*
-  Call transfers to any phone or to VoiceMail
-  'One-Touch' reply to VoiceMail via CallerID
-  Listen to and respond to E-MAILS over the phone\*
-  Communicate via voice messaging any time of day without ringing associate's phone
-  "Phone System" Features from any phone answered - Transfer call, conferencing\*, forward to partner w/ message, etc...
-  Broadcast VOICE message to all employees with one call
-  Call Recording\*
