

Introducing TalkingBuilding Numbers from OnlyOne

What is a TalkingBuilding Number?

It is a service that provides information to your clients and prospects about your property or properties through the use of a single telephone number.

www.propertyinfohotline.com

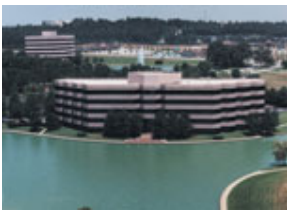

Hotline

- Number to provide information on one property
- Local and/or Toll-Free number
- Track the callers that call your number
- Update the information quickly and easily

Multi-Property Listings

- One Number can include multiple listings or properties
- Track every number that calls your TalkingBuilding number
- No busy signals – handles multiple calls without using YOUR lines
- Information is available to your callers 24 x 7

Add-ons

- Options to connect to you and/or your office
- Voicemails from your property sent via e-mail
